## **PRIVACY STATEMENT**

Your privacy in visiting our online services is important. Our websites are SSL encrypted, protecting web visitors and all transactions. Furthermore, we do not collect, solicit, distribute, on-sell, manipulate, or share with third parties your personal information. Our private, self-hosted analytics is simply to monitor traffic in general in order to improve our services to you. Any online forms submitted are followed-up privately, securely and personally. We respect your privacy.

Your submitted assignments are securely hosted and maintained for in-class assessments and peer review. We request that any hosted material from facilitators or students be kept private among currently enrolled students. Thank you!
